

CENTURY

Rhubarb's office seating provides a capsule collection of "good", "better" and "best" options. The Century is our entry level task chair – the "good" option and comes with height adjustable back and 2-lever action as standard features and are available as either high or medium back options. In addition, the range also includes a mesh back version and a cantilever frame for use as a visitor or meeting chair.

The chair is manufactured at our Oxfordshire factory and provides excellent support, with deep contract grade CMHR foam. It comes with our standard 6 year manufacturer's warranty.
