

EON

For those who work in call centres and other 24/7 environments, specialised seating is essential. Rhubarb manufactures a range of chairs that have been tested for 24-hour use and are specifically designed to deliver the comfort and support needed to meet those demands.

We provide a 2-year manufacturer's warranty on all our 24-hour range, provided it is upholstered with 24/7 fabrics

The Eon is available as medium and high back chairs and can also be fitted with 12" or 14" draughtsman kits as an optional extra.

Features

- Easy lift back, ratchet height adjustable
- Independent seat and back mechanism with tension control
