rhbr

Welcome to rhbr, the new brand and trading name for Rhubarb Seating

rhbr designs and manufactures seating for every non-domestic environment. Our approach is founded on core principles which have the needs and interests of our customers at their heart.

Delivering what your project needs: we manufacture every product ourselves, NO element is sub-contracted, and all our soft seating is designed in-house. That means that if our standard products are not quite what is needed, we will create something from scratch or change the dimensions to fit.

Flexibility:

- Lead times – if you really need it in a hurry we can usually help
- Delivery schedules – we know projects do not always go to plan so we will be here to work with you to flex arrangements
- Support – whatever you need we will do our utmost to accommodate it, from product modification to warehousing for stock that can't be delivered to site
- Advice – on fabrics, foams, product construction to make sure you and your clients get the best solutions

Space planning: we are able to provide full space planning services where they will add value

Sustainability and social responsibility: we are proactively pursuing an agenda to net zero and regularly work with a social enterprise that provides employment and training for disadvantaged individuals and specialises in the manufacture of products using reclaimed timber.

We pride ourselves on the quality of our work and on our personal approach to business and the relationships that underpin it.

How to get the best from rhbr

We hope this document will give you the information you need to select the right product for you or your customer’s requirements; however, if you need any other information, or you can’t find exactly what you are looking for, there may be other options.

Remember: as a manufacturer with our own in-house design team, we can produce bespoke solutions to fit specific needs or environments.

We regularly add to our portfolio so if you can’t find exactly what you are looking for have a look at the website, or better still...

..call us. We are here to help.

01869 326300.

Price

The prices included here are our Recommended Retail Prices. We are all impacted by the continuing economic uncertainty and its effect on sterling but, as always, we have done our utmost to restrict price increases to a minimum by constantly driving efficiencies in our manufacturing processes.

What range?

On the following pages you will see we have made some suggestions as to what ranges suit certain environments and we have also listed our products by use.

What product?

Each product page starts with a summary of the standard benefits and features of the range.

What fabric and colour?

Fabrics are grouped into price bands and priced individually for each product. On page 157 you will find a guide on choosing the right fabric for you and on our website we have a comprehensive fabric guide.

Fabric really does make a difference – both in terms of quality and rating and in terms of colour and design – so if you are in any doubt do call us to discuss your options. From our years of experience, we can recommend appropriate fabrics for certain seat types and environments and if we say we don’t recommend a covering for a certain type of chair it is because we know it really does not work.

What price?

Order quantities have a huge impact on both manufacturing efficiency and logistics costs. It follows that the more you order, the greater the level of discount we are able to offer from our Recommended Retail Price. The discount structure we agree with you is our way of thanking you for your business and sharing the benefits of production and environmental efficiencies.

Ordering

You can email or post your orders. If you wish to place an order over the phone, we will ask you to confirm the details in writing as mistakes can be expensive for us all.

Please make sure you provide the product code, product size, any extras you wish to add and what finishes you require so we can make sure that what you receive is what you were expecting. Always add the price and don’t forget we offer free delivery subject to the minimum order value and delivery location. We will provide you with an order acknowledgement as the final confirmation of your order details and this will form the basis of the contract for supply between us.

Deliveries

We hand-make all your furniture to order and we offer exceptionally quick deliveries, normally within 10 working days. All we ask is that you are ready for us. If for some reason you need to postpone delivery, please tell us as soon as you can so that we can stop making your products and won’t have to charge you storage space.

We usually deliver on our own transport and to be effective we need to move on to our next customer, which may be you, quickly. Our drivers are not installation teams so we deliver to the ground floor point of entry. Please make sure you have appropriate staff on hand to accept delivery.

We take our environmental responsibilities seriously so do our best to reduce product miles and carbon footprint.

We are happy to quote for installation if this is a service you require.

Delivery charges

We do not charge for single drop deliveries of £750 and over within a specified list of postcodes which can be found on our website and are indicated within a red boundary line in the map on page 162. Deliveries within our boundary will be charged at £50 if the order value is below £750. Deliveries outside of the boundary will be charged at cost.

We design for green, not for the bin

The climate agenda has rapidly become a mainstream priority rather than a side-line and it is changing our attitudes and behaviours.

In our industry, that means people are increasingly looking for ways to reuse the furniture they have rather than throw it away and replace it with something new.

We are constantly amazed by the number of pieces we are asked to re-upholster that have been designed in a way that makes them incredibly difficult to refurbish because they can't easily be disassembled.

Here at rhbr, we design all our seating with sustainability in mind. Everything is made for the long term. Our cores and frames are robust with no compromises on the quality of the build, so when the fabric and the foams get tired or wear out, we can easily strip them back and refresh the whole look, just like new!

Our entire seating range is made to minimise component damage when stripped for refurbishment and therefore maximise reuse. We even consider how our products can be refurbished on-site to remove the need for costly and polluting transport to and from our factory.

Environmental Policy

We recognise that, as a manufacturer and supplier of office and contract chairs and tables, we have a responsibility to do what we can to make sure we do not contribute to further destruction of our environment. We want to lead by example and make rhbr a model company renowned for our environmental best practice; so we are continually working towards minimising our environmental impact and doing our utmost to reduce our environmental footprint to a tip toe!

To achieve our aims we will establish sound environmental management by:

- Ensuring that, as a minimum requirement, we conduct our operations in full compliance with all relevant legislation, regulations and environmental codes of practice applicable to our operations, so as to minimise any pollution of the environment.
- Protecting the environment from our activities, including prevention of pollution
- Seeking to continually improve our environmental performance and our environmental management system by setting and reviewing environmental aspects, objectives and targets, making environmental improvements and monitoring performance by regular review
- Considering any environmental issues as part of our normal decision making process
- Developing a relationship with suppliers and contractors and encourage them to manage their environmental impacts more effectively
- Reviewing this Environmental Policy at least annually, or when there are any significant changes either to our operations or to environmental legislation.
- Our immediate environmental objectives are:
 - Waste reduction and recycling
 - Sustainable sourcing and product
 - Maximum energy efficiency
- This policy will be made available to all interested parties on request.

Delivery Map

Soft Seating

As with all our soft seating, our modular units are designed and manufactured at our Oxfordshire factory using FSC® certified board and high density CMHR Crib 5 foams .

All our soft seating is designed and manufactured at our headquarters in Oxfordshire with the sustainability agenda always at the forefront of our design & manufacturing practices.

Our ranges include sofas and armchairs as well as families of modular seating, designed for style and comfort and to provide a solution for every type of setting.

- Our cores are made from FSC® certified board which gives them strength and durability.
- All our soft seating uses high density CMHR Crib 5 foams.

We are happy to manufacture to your requirements where non-standard dimensions or bespoke solutions are needed. Just call us to discuss.

Please note: References to right arm, left arm, right corner or left corner are from a seated position.

Soft Seating Sofas, Armchairs & Lounge Chairs

rhbr has created a broad range of sofas, armchairs and lounge chairs to cater for a wide variety of uses and styles.

Stain repellant treatment (for fabric upholstered chairs) £2 per linear metre.
If fabrics in two or more different groups are used on one product it will be priced in the highest group. For any patterned or velvet fabrics a 10% surcharge is applied.

Soft Seating Modular Seating

rhbr has a large range of modular seating units to permit multiple different configurations and enable the use of space to be maximized. Because we manufacture everything ourselves, we are also able to change the dimensions of any unit to fit either specific design requirements or room measurements.

	Laptop Tables	86
	Wobble Stools	86
	Scatter Cushions	87
	Power Connections	88

Laptop Tables

These make perfect tables for use in a variety of environments and not just for laptops either. We are seeing them in break-out and lounge areas, staff rooms and student social areas, reception – in fact pretty much anywhere where a small height-adjustable surface is needed.

	Product Name	Product Code	Dimensions	Std Prod Price	Fabric Groups							
					0	1	2	3	4	5	6	7
	Laptop table	TAB/LAPTOP	H625-1050 W520 D380	330								

Stain repellent treatment (for fabric upholstered chairs) £2 per linear metre.
If fabrics in two or more different groups are used on one product it will be priced in the highest group. For any patterned or velvet fabrics a 10% surcharge is applied.

Wobble Stools

These height adjustable stools work anywhere from reception areas to offices, where the changes to working environments are seeing people sitting less but needing an occasional perch. The ball and socket mechanism at the base permits rotational movement which is a big plus for posture and general health.

	Product Name	Product Code	Dimensions	Std Prod Price	Fabric Groups							
					0	1	2	3	4	5	6	7
	Wobble stool	STOOL/ BALANCE	H590-850 W400 D400 SD300 SH590-850	393								

Stain repellent treatment (for fabric upholstered chairs) £2 per linear metre.
If fabrics in two or more different groups are used on one product it will be priced in the highest group. For any patterned or velvet fabrics a 10% surcharge is applied.

Scatter Cushions

The right selection of scatter cushions can make all the difference. They add an extra layer of colour, pattern, texture and personality to any individual piece of furniture or a curated space.

	Product Name	Product Code	Dimensions	Fabric Groups							
				0	1	2	3	4	5	6	7
	Scatter Cushion 400mm x 400mm	CUSH-ION/400/1	H400 W400		72	83	102	120	146	174	212
	Scatter Cushion 400mm x 400mm (batches of 3 in the same fabric)	CUSH-ION/400/3	H400 W400		105	117	135	154	179	208	246
	Scatter Cushion 500mm x 500mm	CUSH-ION/500/1	H500 W500		90	101	120	138	164	192	231
	Scatter Cushion 500 x 500 (batches of 2 in the same fabric)	CUSH-ION/500/2	H500 W500		146	162	188	214	249	289	343

Stain repellent treatment (for fabric upholstered chairs) £2 per linear metre.
If fabrics in two or more different groups are used on one product it will be priced in the highest group. For any patterned or velvet fabrics a 10% surcharge is applied.

Power Connections

To further enhance the functionality of our soft seating, we can offer several of our ranges with power sockets built into the furniture and in the case of our booths the option of mounting the power module on the table is also available.

The power sockets for the furniture come in a variety of finishes and fit flush to the fabric to respect the overall appearance of the furniture and to help avoid snagging. They can provide Type A and C USB charging and fused UK or international sockets and in addition the on-desk units provide HDMI connectivity.

The units comply with BS 5733 and a choice of 3.15A and 5A fuses are available to comply with BS 6396. All standard options come with a 1 metre mains lead to a 3 pole connector.

We have also recently introduced the option of battery powered power connections that remove the requirement to site the seating units near to a mains power source.

Please enquire for prices and specific options/ recommendations.

Caplet: Booth table power module

- Twin USB Type C adaptive fast charger
- 1 x UK socket
- 1 x 3A resettable circuit breaker
- Fitted with 1.5m cable to 3-pole GST male connector (starter lead sold separately)
- Supplied with c-clamp fixing to fit desk thicknesses between 11mm and 30mm
- Available in black and white, and a range of colours

Porthole 65: Booth and Modular Seating, fitted in Seat Base

- Please note: Starter lead to be specified and priced individually
- Diameter 90mm
 - 1 x UK socket
 - USB Type A 18W quick charging socket and USB Type C 65W adaptive fast charging socket
 - Fitted with 1.5m cable to 3-pole GST male connector with a hand fixing nut, to secure the module to a standard 80mm grommet hole (for desk thicknesses between 12mm and 42mm)
 - Available in black, white and grey

- Diameter 140mm
- Fixed format in-desk power module offering 2x UK socket, 2x resettable 3A circuit breakers and a dual port Type A/C adaptive fast charger with a maximum PD65W for charging laptops, tablets and smart phones and a data keystone port that can be used with a range of data keystone couplers.
- 2 x UK socket
- 2 x thermal fuse
- USB Type A 18W quick charging socket and USB Type C 65W adaptive fast charging socket

Upholstery and Re-Upholstery Services

rhbr offers bespoke, made-to-measure upholstery services encompassing a wide range of product including.

- banquette seating
- headboards for hotels and student accommodation
- retail displays
- day beds
- window seats
- bolsters and cushions

Let us know what you need and we will do the rest.

As the sustainability agenda gathers pace, we are also doing an increasing volume of re-upholstery for a vast range of seating across environments ranging from bars, restaurants and hotels to cinemas and theatres, universities to commercial interiors, libraries to healthcare settings.

24/7, Bariatric, & Task Chairs

rhbr’s office seating provides a capsule collection of best in class seating, engineered to provide user adaptability, durability and real value for money.

The common denominator is that every one of our chairs is designed with good posture first and foremost – most of us

spend too much time sitting at a desk or terminal and providing the best possible support for the back and lumbar is vital.

In addition to Task Chairs, rhbr provides high quality, durable 24/7 and Bariatric seating, enabling all organisations to fulfil their obligation to provide equipment for their employees that is fit for purpose and allows them to undertake their work safely.

NOTE: our Bariatric Seating is weight rated to 50 stone.

Beams

For public spaces and waiting areas, beam seating is often the best solution and rhbr has one of the widest ranges available in the market. Some of our most popular multipurpose chairs can be beam configured and we also have a strong offering of specific beam seating. All in all, this range combines quality with cost-effectiveness and is designed throughout to meet the practical needs of public spaces from cleaning and maintenance to security and durability.

Office, Task & Guest Chair Mechanisms

We offer a wide choice of chair mechanisms to provide a full range of adjustments to suit particular tasks and individual needs.

All mechanisms are of the finest quality and have only been selected after thousands of hours of continuous testing. All swivel chairs are fitted with top quality pneumatic gas height adjustments as standard.

Knee Tilt
Tilt mechanism can be locked in the upright position or free-floating. Seat and backrest are fixed. Adjustable tension control.

Easy Lift Back
Ratchet mechanism allows easy adjustment whilst seated.

Synchro Mechanism
Fully synchronised 2:1 ratio mechanism enables seat and backrest angle to be adjusted to required position.

Anti-Kick
This feature requires the user's to lean back into the chair before the backrest rake can be adjusted. This eliminates the risk of the backrest springing into the user's back.

Seat Slider
Sliding seat mechanism increases seat depth and enhances leg support.

Independent Seat and Back Mechanism
Seat and back can be independently adjusted to suit individual requirements using side adjustable tension control. Can be locked into position or remain free floating.

Inflatable Lumbar
Inflatable air bag built into seat backrest to adjust support for the lumbar region.

Special Order Castors
Soft wheeled castors for hard floor environments. Suitable for all rhbr chairs.

Brake Unloaded Castors
Castors brake when user gets off seat.

Brake Loaded Castors
Castors brake when user sits on seat.

Height Adjustable Back with Wheel Locking Screw
Backrest fully adjustable for height.

Chair Sizing Guide

This sizing guide shows the approximate points we have taken for the indicative measurements of products throughout this brochure.

Every care has been taken to ensure the accuracy of these measurements, but we recommend to customers that product samples are requested in advance of any orders where absolute precision of dimensions will be critical.

Please note that different makes of castors, gas struts and foam do make a difference to height measurements.

For Soft Seating “D” dimension represents the overall depth of the unit. “SD” is also provided as the seat depth.

Professional Memberships & Accreditations

ISO 90001	Quality Assurance
ISO 14001	Environmental Management
PAS 2060	Carbon Neutrality
FISP	Furniture Sustainability Programme

*The programme is part of the accreditation process for ISO 14064 and PAS 2060 accreditation

Fabric Advice

Fabric makes a huge difference both to the look of a product and to its durability so fabric selection is critically important. With so many different textures, colours and finishes being offered in today’s marketplace we will work with you to make the best choices for each of our products and ensure that your selection is fit for the intended purpose.

This is an introduction to the key criteria to be considered when selecting the correct fabric.

Wool and Synthetic fabrics – Wool is used in many woven fabrics. Its softness and durability make it the obvious choice for soft seating or large seating units as it recovers well. Synthetic products, such as Polyester and Polypropylene, have a greater stretch and do not recover as well but are highly suitable for certain seating styles. Blends of natural and synthetic fibres often offer the best of both worlds, providing strength and durability as well as softness and ease of handling.

Vinyls or Faux leathers (synthetic leathers) – Vinyls (PVC – polyvinyl chloride) are commonly used for seating in high use environments such as education and healthcare. Specialist vinyls are available, resistant to blood and urine, antibacterial and antimicrobial treated, inherently FR to medium Hazard and importantly cleanable with diluted bleach-type solutions. The quality of faux leathers now is such that they look like the real thing but have the advantage of offering finishes that have the same characteristics as vinyls.

Fire Retardancy – All fabrics must confirm to either low hazard or medium hazard FR standards, according to the environment in which they are to be used:

Low Hazard	Medium Hazard
Offices	Hotel Bedrooms
Schools	Hospitals
Colleges	Public Buildings
Universities	Restaurants
Museums	Places of Public Entertainment
Exhibition	Public Houses and Bars
Day Centres	Bingo Halls

FR treatments are often applied to the fabric when the dying process takes place making the treatments integral to the fabric. Alternatively, the FR can be applied as an external coating.

Abrasion resistance – Abrasion is measured by the Martindale abrasion test, which is an industry British Standard and is measured in the forms of ‘rubs’. British Standards conformance is for a fabric to achieve 40,000 rubs or more. Vinyls (or synthetic leathers) are also measured by this method or for ‘flexing / cracking’.

Teflon (stain repellent) – Treatments such as Teflon, which are added to fabrics to make them more resistant to stains, liquids and general soiling, are often used on wool fabrics. There is less requirement on synthetics (polyesters / polypropylenes) as these yarn are derivatives of plastic and therefore more resistant to staining and soiling.

Anti-microbial qualities and treatments – this issue is more important than ever in all environments and we list below the website links for information from the fabric manufacturers with whom we work most closely:

Agua:	https://www.aguafabrics.com/aguaguard365/
Camira:	https://www.camirafabrics.com/en/news-and-events/introducing-camira-staysafe
Chieftan:	https://chieftainfabrics.com/technical-hub/coronavirus/
Panaz:	http://www.panaz.com/en/shieldplus/
Sunbury:	https://www.sunburydesign.com/everclean/

Anti-microbial qualities and treatments” are an important consideration in many environments. If such properties are relevant to your decision-making process you should research the relevant manufacturers’ websites and their technical teams will be more than happy to provide further guidance if necessary.

rhbr is the trading name of Rhubarb Seating Limited

Terms of Business 1 July 2025.

The following are the terms (“Terms”) on which Rhubarb Seating Limited trading as rhbr (“we” “our” or “us”) have agreed to supply goods (“Goods”) to you (“you” or “your”).

1. Orders

- 1.1. You may place an order for Goods from us only by written form of communication and no orders for Goods submitted by you shall be deemed to be accepted by us unless and until confirmed in writing by us (“Confirmation”).
- 1.2. You shall be responsible for ensuring the accuracy of all the terms of any order and for checking that the Confirmation is correct and no order which we have accepted may be cancelled by you.
- 1.3. These Terms apply to the exclusion of any other terms that you seek to impose.
- 1.4. We reserve the right to discontinue products and change product specifications at any time

2. Delivery

- 2.1. Delivery of the Goods shall be made by us delivering the Goods to your premises in the UK as notified to us at the time of your order or directly, on request, to an end-user in the UK. Unless quoted otherwise, delivery for a single drop with a value in excess of £750 within the post codes scheduled in Appendix A is free of charge except for below in respect of fines. Additional charges equivalent to the cost to us for delivery will be payable by you should you specify delivery of the Goods anywhere outside of those post codes or where the delivery incurs tolls, congestion, or other such charges. Delivery charges for drops outside of the post codes scheduled in Appendix A are set out in Appendix B. “Delivery” is defined as 1 man tail gate delivery between the hours of 8.30am and 5.00pm Monday to Friday. Out of hours delivery may be subject to additional charges and must be agreed in writing prior to delivery. The customer must ensure that suitable parking together with an appropriate number of their own staff are able to receive the goods without delaying the vehicle beyond 15 minutes. 15 minutes after arrival at the closest legal parking point, the driver will be entitled to leave and Section 2.5 will apply. Should our drivers incur any traffic penalty fines due to access restrictions we have not been made aware of in writing prior to delivery, the cost of any such penalty will be added to the Goods invoice and will be payable by the Customer within 30 days of invoice.
- 2.2. All goods must be checked for any damage and details of the damage noted in writing before the vehicle leaves.
- 2.3. Any dates quoted for delivery of the Goods are approximate only; we shall not be liable for any customer costs incurred as a result in the delay in delivery of the Goods.
- 2.4. We will use reasonable endeavors to ensure that the quantity, size and description of the Goods delivered conform to those ordered by you, as set out in the Confirmation, although minor variations may occur.
- 2.5. If you fail to take delivery of the Goods then, without prejudice to any other right or remedy available to us delivery of the Goods shall be deemed to have been completed at the time you failed to take delivery; and, (i) we may store the Goods until actual delivery and charge you for the reasonable costs, including insurance and storage; or (ii) we may sell the Goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) account to you for any excess over the price payable or charge you for any shortfall below that price.
- 2.6. We may deliver the Goods by instalments, which shall be invoiced and paid for separately. Each instalment shall constitute a separate supply of Goods. Any delay in delivery or defect in an instalment shall not entitle you to cancel any other instalment.

3. Price

- 3.1. The price of the Goods shall be the price agreed when the Goods are ordered from us as set out in the last Confirmation and we will not be responsible for any losses caused to you by reason of fluctuation in currency exchange rates between the date when the Goods were ordered and when they are delivered. All prices quoted are valid only for the particular order which you make.
- 3.2. Subject to clauses 2.1 and 2.2 above, all prices are given by us inclusive of costs of carriage unless otherwise agreed in writing.
- 3.3. All prices are exclusive of value added tax, which you shall be additionally liable to pay to us.

4. Terms of Payment

- 4.1. We shall be entitled to invoice you at any time after delivery or deemed delivery of the Goods and you shall pay the price of the Goods within 30 days of the date of our invoice or on such other terms as are agreed in writing by us or, stated in the Confirmation.
- 4.2. If you fail to make any payment on the due date then, without prejudice to any other right or remedy available to us, we shall be entitled to (i) cancel the order for Goods and suspend any further deliveries to you; and (ii) charge you interest (both before and after any judgment) on any sum until payment in full is made unpaid at the rate of 4% per annum above Barclays Bank Plc base rate from time to time.

5. Risk and Property

- 5.1. The Goods shall be at your risk as from delivery.
- 5.2. The Goods shall not pass from us until (i) we have received payment in full in cleared funds for the Goods plus VAT; and, no other sums whatever shall be due from you to us.
- 5.3. Until title to the Goods passes you shall hold the Goods on our behalf. You shall store the Goods (at no cost to us) separately from all other goods in your possession and marked in such a way that they are clearly identified as our property and shall maintain the Goods in satisfactory condition.
- 5.4. We shall be entitled to recover the full price for any Goods sold under these Terms including VAT, notwithstanding that the title in such Goods has not passed from us.
- 5.5. If (before title to the Goods passes to you) you become subject to any of the events listed in clause 7.1.(ii) – 7.1.(v) or we reasonably believe that any such event is about to happen and notify you accordingly, then, provided the Goods have not been sold, or irrevocably incorporated into another product, and without limiting any other right or remedy we may have, we may at any time require you to deliver up the Goods and, if you fail to do so promptly we may enter any vehicle or premises where the Goods are stored in order to recover them.
- 5.6. You shall not pledge or in any way charge by way of security for any indebtedness any of the Goods which are our property.
- 5.7. You shall insure and keep insured the Goods to their full price against “all risks” to our reasonable satisfaction until the title in the Goods passes from us.
- 5.8. Without prejudice to our other rights, if you fail to comply with your obligations under this clause 5, all sums whatsoever owing by you to us shall immediately become due and payable.

6. Warranties and Liability

- 6.1. Subject to the remainder of this clause 6 and excluding upholstery fabrics not specifically recommended by the manufacturer for severe wear, we warrant that the Goods will be of satisfactory quality at the time of delivery for a period of 6 years after delivery, with the additional exception of those Goods which are specified to be used for continuous and consecutive periods of 24 hours in respect of which we warrant they will be of satisfactory quality for a period of 2 years after delivery.

- 6.2. We shall be under no liability under the above warranty in respect of the following matters:-

- 6.2.1. if you make any use of Goods after giving a notice in accordance with clause 6.4, or the defect arises because you failed to follow our verbal or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice, or you alter or repair such Goods without our written consent, or the defect arises as a result of fair wear and tear, willful damage, negligence, or abnormal working conditions;
- 6.2.2. if the production identification label detailing the model, order number and date of production has been removed from the goods
- 6.2.3. if the total price for the Goods has not been paid by the due date for payment;
- 6.2.4. for the condition of Goods which are modified after delivery or for any expenses incurred in connection with such modification
- 6.2.5. If stated in writing prior to delivery.
- 6.3. Subject as expressly provided in these conditions all warranties conditions or other terms implied by statute or common law are excluded to the fullest extent permitted by law.
- 6.4. Any claim by you which is based on any defect in the quality or condition of the Goods must be made in writing to us within 48 hours of receipt of the same otherwise you shall not be entitled to reject the Goods. In the case of a quality dispute the Goods should be retained by you for inspection by us.
- 6.5. Where any valid claim in respect of any of the Goods which is based on any defect in the quality or condition of the Goods is notified to us in accordance with these Terms, we shall be entitled to replace such Goods free of charge or, at our sole discretion, refund to you the price of the Goods, but shall have no further liability to you.
- 6.6. Where a warranty claim is proved to be invalid we shall be entitled to charge an administration fee of £75 plus reasonable costs of collection and delivery of the Goods.
- 6.7. Except in respect of death or personal injury caused by our negligence, our entire liability under or in connection with these Terms shall not exceed the price of the Goods.
- 6.8. Notwithstanding anything else contained in these Terms we shall not be liable to you for loss of profits or contracts, indirect or consequential losses whether arising from negligence, breach of contract or otherwise.

7. Termination

- 7.1. We shall be entitled to terminate the supply of Goods hereunder immediately by written notice to you if (i) you commit any continuing or material breach of any of the provisions of these Terms and, in the case of a breach which is capable of remedy, you fail to remedy the same within 30 days after receipt of a written notice giving full particulars of the breach and requiring it to be remedied;(ii) an encumbrancer takes possession or a receiver (or similar office holder) is appointed over any of your property or assets; (iii) you make any voluntary (or similar) arrangement with your creditors or an administrator is appointed or you are subject to insolvency proceedings in any jurisdiction; (iv) you go into liquidation (except for the purposes of an amalgamation, reconstruction or other reorganisation and in such manner that the company resulting from the reorganisation effectively agrees to be bound by or to assume the obligations imposed on that other party under these Terms); or (v) you cease, or threaten to cease, to carry on business.

- 7.2. If any of the events set out in clause 7.1 occurs we shall be entitled to cancel the supply of Goods hereunder or suspend any further deliveries without liability to you, and if the Goods have been delivered but not paid for the price shall become immediately due.

8. General

- 8.1. We shall not be responsible for any delays in performing, or for any failure to perform, any of our obligations hereunder if the delay or failure was due to any cause beyond our reasonable control.
- 8.2. If any provision of these Terms is declared by any judicial or any other competent authority to be void, voidable, illegal or otherwise unenforceable or indications to that effect are received by us from any competent authority then that provision shall be limited or eliminated to the minimum extent necessary so these Terms shall otherwise remain in full force and effect and enforceable.
- 8.3. Each party acknowledges that these Terms contain the entire agreement between you and us and that you have not relied on any verbal or written representations made by us or our employees or agents.
- 8.4. These Terms supersede any prior agreement whether written or oral.
- 8.5. Any notice or other information required or permitted to be given under these Terms shall be deemed to have been validly given if served personally on that party or if sent by first class pre-paid post to the last known address of that party. If sent by first class pre-paid post the notice shall be deemed to have been received 2 days after the date of posting. If any such notice or other information is given by means of facsimile then notice shall be deemed to have been received on the same day if sent during normal working hours or on the next working day where sent outside such hours.
- 8.6. No variation of these Terms shall be binding unless made in writing and signed by you and us.
- 8.7. These Terms shall be governed by English law and the English Courts shall have exclusive jurisdiction to decide any dispute concerning these Terms.
- 8.8. No waiver by us of any breach of these Terms by you shall be considered as a waiver of any subsequent breach of the same or any other provisions.
- 8.9. These Terms shall not be enforceable by a person who is not a party to them under the Contracts (Rights of Third Parties) Act 1999 or otherwise.
- 8.10. Our policy is one of continual improvement. We therefore reserve the right to alter designs, dimensions, availability and price without prior notice.

Appendix A: Free delivery

See map for free delivery for single drops of value greater than £750 (excluding VAT)

Appendix B: Delivery charges

Unless specifically agreed in writing delivery charges for all deliveries outside the map area in Appendix A above will be dependent on the method of delivery:

- Per van or boxed delivery within the UK mainland
- Per pallet within the UK mainland
- Outside of the UK mainland

Delivery
