

**Kira**

**rhbr**

# Kira is a collection of lounge chairs with the needs of modern interiors in mind.

Today's interiors are infinitely more fluid. Spaces need to be used for a variety of purposes – face-to-face meetings, conference calls, reception, cafeteria, breakout, social and collaboration, quiet reflection.

Kira responds with a variety of both seat shells and bases to cater to all these needs while providing both the comfort and the style demanded by today's design standards.

# Versatility, comfort and style

# Freedom to design for every need

The Kira collection is made up of four seat shells and eight different bases. Add to the design with fabrics, stitching and piping details, frame finishes in polished aluminium, black, natural ash plus wood stain options.
